# LDC DRIVING SCHOOLS

*For a lifetime of safe driving*

**OVER 35 YEARS EXPERIENCE  
IN THE BUSINESS**

## Welcome to LDC

A combination of our highly skilled driving instructors and our modern student centred learning methods have helped to make **LDC** one of the most successful driving school networks in the UK today.

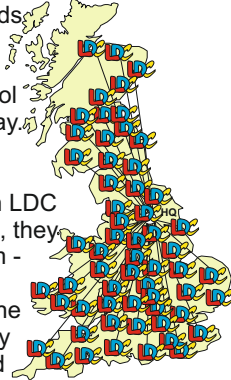

While each instructor operates his or her own LDC driving school business, they all share a common aim - to provide the highest standards of tuition at the lowest overall cost. Only those who are prepared to meet our stringent customer care and tuition standards can operate under the **LDC** name.

Whether you are choosing driving tuition for yourself or for a member of your family, it is vital to make the right choice.

***“The safe drivers of tomorrow are the well-taught learners of today”***

By taking a driving course with your local LDC driving school instructor you can be assured of getting the best possible start to a lifetime of safe driving.

All customers of LDC driving schools receive free access to our online learning theory hub, mobile apps and the unique LD System.

## About the LD SYSTEM

The LD System was originally designed for intensive training but it can be equally beneficial for those taking weekly lessons. For **intensive training** to be effective each driving lesson has to be carefully planned and expertly delivered.

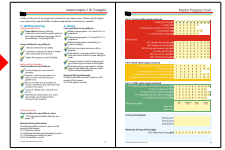

With every driving course purchased we provide the student with the LDC Driving Skills Workbook and DVD video or online. By watching and preparing for your driving lesson beforehand you will save time and money. There will be no need to spend a long time at the side of the road while your instructor explains the theory - you will already know it and have a good idea of what you want to cover and how.

You will also have the extra benefit of being able to refer back to the lesson topic video and your lesson reflection/plan notes. No other driving school has created such a comprehensive learning plan and set of resources. All designed to help save you money and enable you to pass your test quickly. Nothing is left to chance.

Each driving lesson topic in the LD system also has a set of targets to aim for. This enables you to easily track your progress so that you know exactly where you are in the programme at anytime.

### Theory test training

Before you can book a driving test you will need to pass your theory test first. LDC provides a free online learning hub and accompanying mobile app to prepare for this test when you purchase a full course or block of lessons from your local LDC driving school instructor. Your instructor can also monitor your theory progress and provide you with support.

## Courses and lessons available

### Semi-Intensive Pass Course

The Semi-Intensive Pass Course is our most popular course and is suitable for those who know the basics of driving already. This course is usually spread over 2-10 weeks to suit you and your instructor's schedule. The course price includes 30 hours of in-car training, a booked driving test and the LDC Driving Skills Workbook and DVD video or online.

### One Week Pass Course

The One Week Pass Course is identical in content to the Semi Intensive Pass Course except that the course is run over one week. Your lessons would potentially start seven days prior to your driving test date and may be preceded with an initial separate assessment lesson. Residential one week courses are also available at various locations throughout the UK.

### Midway Pass Course

This course is our intermediate course for learners who have taken around fifteen to twenty hours tuition previously with an instructor or have a lot of experience learning with parents or family members. The course price includes 20 hours of in-

car training, a booked driving test and the LDC Driving Skills Workbook and DVD video or online hub access.

### Test Booster Course

This course is for those nearing test standard or who have previously failed a driving test. The course price includes 15 hours of in-car training, a booked driving test and the LDC Driving Skills Workbook and DVD video or online hub access.

### Pay as you go driving lessons

Driving lessons can be booked individually or in discounted blocks. Lessons are usually 1, 1.5 or 2 hours long. Please note that some LDC driving school instructors only offer 2 hour lessons.
